I. Introduction

The Children’s Food and Beverage Advertising Initiative’s 19 participants commit that, in advertising primarily directed to children under age 12 (“child-directed advertising”), they will feature only foods that meet CFBAI’s Uniform Nutrition Criteria, 2nd ed. (Participants also may use any nutrition criteria that exceed CFBAI’s requirements.) This listing is limited to foods that the participants have indicated may be the subject of child-directed advertising. The participants may have other products that meet the criteria that are not advertised to children. Some participants choose to not engage in child-directed advertising even if they have foods that meet CFBAI’s nutrition criteria.

II. List of participants
